TRAINING & DEVELOPMENT

Upon joining, successful applicants embark on our complimentary* Massage Beach training program, culminating in the prestigious 'Certificate of Excellence' upon successful completion.

The training curriculum includes home study and online assessments. Additional practical training and assessments are conducted in Ibiza.

ACCOMMODATION

While therapists are responsible for securing their own housing, our winter office team diligently locates suitable options. Once your position on the team is confirmed, we'll provide recommendations.

Ibiza's short-term housing market is competitive, and availability is limited. Act promptly to secure a property. On average, shared rooms cost €450-€550/month, while a private room can range from €800 and above. A deposit, equivalent to one month's rent, is typically required. Agents may also charge a fee, equivalent to one month's rent.

If you're arriving solo, we can assist in pairing you with fellow therapists for shared living arrangements.

We recommend living in San Antonio, Playa Den Bossa, Ibiza Town, Santa Eularia, or nearby areas, especially if you lack personal transportation. This grants you the freedom to choose your flatmates and your preferred location on the island.
